BUBBLE, BUBBLE BOIL WITH NO TROUBLE!

The NEW IOPAK Model BBC 1000 steam jacketed Basket Batch Cooker is fitted with two removable perforated s/s baskets. The cooker is very useful for cooking, blanching or chilling.

- Rice
- Vegetables
- Short pasta
- Potato
- Stock (including plenty of bones)
- Chickpeas
- Pulses

This particular stockpot is designed with three valves for tapping off fat at each level of reduction.

If not mandatory for your own process, explain your own particular process and we will modify or design differently.

* PS Call PPN for your own particular need or design
